

Sego Resources Closes a Total of \$869,385 to Fund Miner Mountain Drill Program

February 5, 2020 – Sego Resources Inc. (“Sego” or “the Company”) is pleased to announce that the Company has closed the final tranche of a financing for total gross proceeds of \$701,405 as part of the financing (\$167,980 raised in tranche 1) previously announced on November 28, 2019, revised on December 11, 2019, and December 30, 2019.

The total amount closed in the financing was \$869,385.

CEO, J Paul Stevenson stated *“The company is now funded to drill the new high-grade copper-gold targets identified at Miner Mountain. We are excited to commence the program in February and look forward to a very active 2020 for the company.”*

Pursuant to the Private Placement, final tranche, Sego will issue in total 533,000 units at \$0.06 per unit of Flow-Through Units (“FTU”) for gross proceeds of \$31,980.00, and 13,388,500 units at \$0.05 per unit for Non Flow-Through units (“NFTU”) for gross proceeds of \$669,425.00. A Director of the Company purchased 2,000,000 NFTU in this tranche.

Each FTU unit consists of one common share and one share purchase warrant. Each FTU warrant entitles the holder to purchase an additional common share at \$0.15 for two years from closing of the private placement. Each NFTU consists of one common share and one share purchase warrant. Each NFTU warrant entitles the holder to purchase an additional common share at \$0.10 for two years from the closing of the private placement. The securities issued under this second closing are subject to the applicable statutory 4 month + one day hold period from the date of issuance. The closing of this second tranche is subject to regulatory approval.

The proceeds will be expended on the continued exploration of the Company’s Miner Mountain Copper-Gold Alkalic Porphyry project located near Princeton, BC, and for general working capital.

Certain finder’s fees are payable on a portion of the private placement and consist of 7% cash and 7% Broker’s Warrant, each Broker Warrant entitling the holder to subscribe for additional NFTU for \$0.05 for two years from the closing of this tranche of the private placement. FTU Broker Warrants will be for Non Flow-through Units for \$0.06 for two years from the closing of this tranche of the private placement.

This offering is subject to the receipt of all necessary regulatory approvals, including the TSX Venture Exchange and other customary conditions. All of the securities sold pursuant to these offerings will be subject to a four-month hold period from the date of closing.

The Company fully expects to spend the funds as stated; there may be circumstances, for sound business reasons, where a reallocation of funds may be necessary.

There is no material change about the issuer that has not been generally disclosed.
